4. PHYSICAL AND SAF	ETY D	ATA
Fibre pen with metallic effect for decorating on light and dark paper.		
When stored and used p	roperly	, no hazardous reactions can be expected. In case of fire,
carbon monoxide (CO), carbon dioxide (CO2) and with some colours nitric oxides (NOx)		
will be set free as thermal decomposition products.		
When not used properly	some	colours may stain the skin, mucous membranes or clothing
and fabrics. In some materials, the stain might be permanent.		
	ionalo,	
In case of contact with th		s, rinse out open eye thoroughly under running water
for several minutes. If complaints persist, contact an ophthalmologist.		
Tor several minutes. If co	mpian	
Based on the Regulation		No. 1907/2006 ("REACH"), this commercial product is not a hazardous
		e or a hazardous substance in an article. Therefore a Safety Data Sheet is
not required according to article 31 of the REACH Regulation.		
5. TRANSPORT INFORMATION		
Not classified as dangerous goods with respect to the transport regulations.		
6. ECOLOGICAL INFORMATION / DISPOSAL CONSIDERATIONS		
The casing, cap consist of polypropylene. If recycling is not possible,		
the writing instruments may be added to the household waste in small quantities.		
Larger quantities are to be disposed of under compliance with local public authority regulations,		
e.g. at a suitable waste disposal site or incinerator.		
		e contained in the inks. They are, however, very durable-
on account of their intended use and therefore biodegradability in normal conditions in		
sewage works or in surface waters is difficult. They can, however, be sufficiently adsorbed		
in the activated sludge ar	nd elim	ninated from the water.
7. OTHER INFORMATION	ON	
The information herein is	based	d on our present state of knowledge and on data considered to be
accurate as of the date of preparation of this Product Information and is intended to describe our		
products from the point of view of safety requirements. However, no warranty of representation		
expressed or implied is made as to the accuracy or completeness of the foregoing data and		
safety information. The user assumes all liability for any damage or injury resulting from the		
abnormal use from any failure to adhere to recommended practises or from any hazard inherent		
in the nature of the product. The article and its packaging materials contain no substances included on the		
candidate list according to article 59 (1,10) of Regulation (EC) No.1907/2006 (REACH) in a concentration		
above 0,1% weight by weight.
